Sen. Sanborn welcomed local leaders who testified before Senate

February 24, 2005 — Sen. Alan Sanborn, R-Richmond Township, joined Shelby Township Supervisor Ralph “Skip” Maccarone, on left, and Sterling Heights city manager Mark Vanderpool, on right, as they testified at a Senate committee hearing Wednesday. The two local leaders offered their perspective on legislation that would allow local governments to create corridor-improvement authorities as a way to encourage economic development.
